ISIA COURSE VOLUNTARY Payment plans

We understand that budgeting for your Interski ISIA course can be difficult. Although the final balance is not required until 10 weeks prior to the commencement of your course, it is sometimes easier to make interim payments so that your balance is steadily reducing. To assist with this, we suggest some options below as voluntary payment plans.

Our suggested voluntary payment plans will largely depend on how far from the course commencement you are at the point of booking.
