Our knowledge, experience and attention to detail have enabled us to build one of the strongest and most dynamic resort teams in the Alps. Team Vacancies

Please note we build a Resort Team, TEAM being the importance, meaning all roles necessitate flexibility and adaptability to undertake work in each of the respective roles where business requirements dictate, and for the proper performance of your duties.

We will be looking to build in increased role flexibility within our team for winter 20/21, one week you could be working as a co-ordinator, the next as a resort assistant. There is never a dull moment and a lot to learn.

School & College Co-ordinator

Generally known throughout the ski industry as a hotel rep. At Interski we know them as Co-ordinators, in recognition of the importance and extent of the work they do. You will be the first point of contact for the School & College groups upon arrival in resort and are invaluable to the overall running of their programme, liaising between group leaders, hoteliers and coach drivers. You must be flexible and eager to provide an exceptional level of service and face to face customer care, with good team spirit and lots of initiative. This vital role requires the ability to deal with an array of situations, so the ability to communicate and organise effectively is essential. These team members are more often than not in the spotlight and must have a thorough knowledge of the operation. A very demanding but rewarding position.

Resort Assistant

One of the most demanding and integral positions within our resort team. These team players are responsible for being in three places at once, assisting in every aspect of the Interski operation. Always contactable 24/7 by phone and/or radio, Resort Assistants must be able to cover as and when necessity dictates. You must be a good all-rounder with a range of skills and qualifications. This role is diverse so requires a flexible hands on and proactive approach. A desire to learn quickly and the ability to think beyond the initial situation are key requirements.

Duties generally involve providing support and advice to both clients and fellow colleagues, manning après-ski events, airport transfers, staffing ski hire and dealing with on-mountain incidents. You will be expected, therefore to be flexible, hardworking and forward thinking. A driving licence is essential as driving duties are an integral part of this role in providing clients with transfers in and around resort and also our 'Meet and Greet Service' at Turin and Geneva Airport.

Head Resort Assistant

As a main point of contact for the Resort Assistant team, the Head Resort Assistant role offers more responsibility and requires the use of previous team leader experience and considerable initiative to solve problems and manage logistics in one of our resorts. It involves the management and motivation of fellow Resort Assistants and works closely with the Overseas Management Team.

Resort Rescue

A unique position to Interski, you will act as a translator service between any injured client and the medical services in Italy. This roles does not require any medical experience, you must organise logistics and act as a linguistic aid only. In the event of an accident or illness these invaluable team members are responsible for going to medical centres/doctors/hospitals and hotels, providing caring and supportive back-up for sick/injured clients in resort.

Duties include liaising between Italian and British agencies involved in the medical process. A willingness to provide an exceptional level of service and care is essential, as is the ability to communicate and organise effectively in the very demanding but rewarding position. You should be able to deal with clients/colleagues/suppliers in a professional and reassuring manner during any emergency situations, whilst remaining calm and in control at all times. Italian/French is essential in this role.

Snowsports School Assistant

It is the responsibility of the Snowsports School Assistant to support the Snowsport School Co-ordinator in all areas of his/her role in a particular resort. It is their main duty to act as a co-ordinator for the instructors, in particular regards to 'off-hill' operations such as accommodation, evening meals and transport. They are also expected to be able to take over from the Snowsport School Co-ordinator should the need arise. They are therefore required to have an intimate working knowledge and understanding of all areas concerning the Interski Snowsport School. A minimum requirement of BASI Level 2 ski qualification (or national equivalent) is required.

Holidays Co-ordinator

Snowsports Holidays Co-ordinators deal with the day to day running of Interski Snowsports Holidays (adults and families) in your specific resort. You will always be on hand and available to facilitate the smooth running of the Snowsports Holidays product. Unlike a Schools/Colleges Co-ordinator, the Holidays Co-ordinator will look after up to five hotels as opposed to just one. You will be responsible for everything from the organisation of arrival lunches to airport meet and greet. You will deal with evening venues, hoteliers and suppliers and always report directly to the Head of Holidays. This is a challenging and varied role with less daily structure than our School/College Co-ordinators. Good communication skills and an ability to work under pressure is essential, as is an interest in dealing with the adult market. Italian or French is an advantage.

Resort Nanny

We are looking for a lively, warm and enthusiastic Nanny to join our resort team. This role, new last season, is needing a creative and driven individual to continue to shape this department. The Nanny works in partnership with a local mini club in Pila, to deal exclusively with our clients. You will be responsible for the day to day running of the crèche, and required to create a fun and safe environment in which our clients feel fully confident in leaving their children. You will need experience of working with, and caring for children of varying ages. The Resort Nanny will be responsible to keeping the children engaged and safe, running pre-planned age specific activities and create new and exciting activities. Experience as a Nanny, Au Pair or within education would be ideal.

More Than Just a Job!

We believe that our employment opportunities are more than just jobs. Working in the outdoors with enthusiastic clients and working with like-minded people from around the globe is a great life and creates a culture that we believe is hard to beat!

As a member of Interski's Resort Team we will have extremely high expectations of you, but in return you will be provided with excellent accommodation and food, return transport to resort, lift pass, salary and absolutely heaps of skiing or riding – so much so that when you are relaxing we'll tell you to get out and ski! You'll develop as a person too, adding a wealth of experience and valued skills to your CV, and have plenty of fun along the way.

The friends you make at Interski will be friends for life. Join us in Italy's beautiful Aosta Valley next season for a winter you'll never forget and memories that will never fade.
