All information contained within this booklet is correct at the time of publication. In particular, please note there is still uncertainty surrounding the implications of Brexit, as well as the coronavirus pandemic, which may have an effect on the accuracy of the information provided.

PARTY LEADER CHECKLIST

NOW THAT YOU'VE PAID YOUR DEPOSITS, HAVE YOU...

1. Organised a payment schedule?

We recommend that you have a payment schedule in place for students to ensure that the **balance payment reaches us no later than 10 weeks prior to departure**. We have supplies of payment cards, so please contact your Account Manager if you would like some sending to you.

2. Booked your optional extras?

Have you given us information regarding numbers of snowboard and made students aware of the appropriate supplements? Our equipment and staff are limited, therefore we require this information **no later than 10 weeks prior to departure**.

3. Downloaded and read through the insurance information?

We suggest you download all the information available at interski.co.uk/Downloads/Schools/Insurance/Promotion_Pack/. This link contains access to the full insurance policy which we advise you should also distribute to your group members.

4. Organised your parents' information evening? (Subject to group size, location & staff availability)

Have you decided upon a date for the parents' information evening and made arrangements with us for all your ski clothing requirements? We are happy to send along sample ski suits and accessory packs from our rental/accessory division. Contact your Account Manager to help make arrangements.

5. Started to fill in the required passenger information on our client booking portal?

Along with your final balance payment, we also require you to submit your Ski Party Information, special requirements and pick-up details via our client booking portal, no later than 10 weeks prior to departure. Therefore, you might want to make a start on it now - visit interski.co.uk/Bookings.

When entering your passenger information, you will be asked to indicate that you have parental consent for the possible use, by us, of photographs for marketing and publicity.

For insurance reasons, all details required in the Interski Booking Portal must be provided by either the named party leader (or an individual to whom you have delegated responsibility). This CANNOT be done on your behalf by your Account Manager.

6. Collected the necessary Advanced Passport Information from all passengers?

This is a legal requirement for all international flights to/from the UK. The information required is as follows:

- » Full name (as it appears on the passport)
- » Date of birth
- » Passport number
- » Country where the passport was issued
- » Passport expiry date
- » Nationality

If your students are travelling on a group passport, you are still required to provide the above information. You will have a group passport number and expiry date (your return date to the UK).

Please ensure that you have emailed the above information to your Account Manager **no later than 4 weeks** prior to departure.

7. Completed any necessary LEA paperwork?

Is it necessary to complete a submission to the LEA or the governing body, informing them of your planned ski trip? Our 'Safety Management' guidelines, are designed to help you complete any such exercise required by the school governors or your LEA. You can find this document in the 'Downloads' section of your login area.

We are a fully assured member of the School Travel Forum (STF) and hold a Learning Outside the Classroom (LOtC) quality badge.

8. Considered taking the students for a dry slope taster session?

Snowsport England offer an exciting initiative called "Go Ski Go Board". Various snowsports centres in England are offering a discount on their standard prices to school and college groups. Details of the "Go Ski Go Board" scheme can be found on their website goskigoboard.org.uk. The site will also let you know which slopes are taking part in the scheme.

9. Informed us of any changes to your group size?

Please inform us at your earliest convenience of any changes to your group. Not only does this enable us to provide you with an accurate final invoice, but it also means that the correct number of coach seats and hotel spaces are reserved.

10. Pre-ordered any helmets you require for your group?

It is the law in Italy for under 18s to wear a helmet whilst participating in snowsports. Whilst it is not law in Andorra, it is a requirement of the snowsport schools. To make things easier when you arrive in resort, we always recommend you pre-book any helmets you require. Please contact our Rentals department, or contact your Account Manager to help make arrangements.

If you qualify for our Introductory Offer, you will still need to provide us with a list of names for everyone who requires a helmet.

11. Arranged transport to the airport on departure day?

Have you arranged return transfers to/from your UK departure airport?

Interski will provide continental airport transfers, but it is your responsibility to arrange how passengers get to/from your UK departure airport.

PARTY LEADER CHECKLIST

THREE WEEKS UNTIL DEPARTURE, HAVE YOU...

1. Obtained a parental consent form for each child travelling?

In the event of a pupil needing treatment at a hospital, a member of school staff **MUST** be present to sign any consent forms, on behalf of parents. Please ensure you obtain an appropriate consent form from parents/guardians to allow you to do this. The hospital will most likely also need to see parental consent forms **PRIOR** to treatment.

These forms should be brought out to resort and kept together and available at all times. We suggest you take two copies and keep one on your person at all times. An additional copy should be kept with the pupil in their jacket, alongside their GHIC (or EHIC) card and lift pass.

2. Made provision for any small medical payments?

Should medical assistance be needed in resort, small payments may need to be made to the medical centres, prior to treatment, and reclaimed through insurance. Please make provision for this and the possibility that it may be required for more than one student.

3. Informed parents of travel times / contact details?

Have you informed parents of departure and return times, school emergency contact name and phone number?

4. Provided emergency contact numbers?

Have you completed a list of emergency contact numbers for all people travelling? Remember to leave a copy with the school/college senior management. May we suggest that you also leave the Interski head office number with the school (01623 456333).

The Interski emergency telephone number found on your final travel itinerary is for the **SOLE** use of the party leader, on both departure and return days. If parents require updated information, please ask them to contact a school based number.

5. Made a telephone pyramid or contact group?

Have you arranged a telephone pyramid or digital contact group to pass on information quickly, particularly for emergencies, and for an estimated time of arrival on your return journey?

6. Discussed pocket money?

Have you given recommendations to your group with regard to how many Euros they should take? We generally recommend between €50-€100 to cover souvenirs and incidentals.

7. Provided us with a list of who is going into each room?

It will speed up your check-in process if the hotel already has this information. This information is entered through the booking portal.

8. GSCE & A Level assessment filming

Where possible, Interski are happy to facilitate the filming of GCSE & A-Level students. This is subject to advance notice **AND** slope availability (if there is a charge for the piste rental this will be at the cost of the school). Please bring the student's assessment criteria and a suitable device for recording the assessment.

Please note we are not able to provide analysis for their assessment, as this should be in conjunction with the examination board syllabus.

9. Après-ski and Snowsport School groupings

Ahead of your arrival, you will be contacted by our Resort Team in regards to your après-ski programme and Snowsports school groupings. The email detailing the planned programme and groupings will require your viewing and completion.

INSURANCE

GENERAL INSURANCE INFORMATION, WHERE INSURANCE IS INCLUDED AS PART OF YOUR PACKAGE

A copy of the Axa Travellers' Pack is available by visiting interski.co.uk/Downloads/Schools/Insurance/Travellers_Pack.

It is essential that each family is made aware of the cover that exists, provided with a copy of the full policy and IPID and is also reminded of the need to provide the party leader with a GHIC (or EHIC) Card (see below). Parents also need to be notified that damage to hotel fixtures and fittings, through negligence or misuse, is not unlikely to be covered by insurance. All hired equipment is covered by insurance for accidental damage and loss, but, not in the event of wilful damage, misuse or negligence.

Any questions regarding insurance should be directed to the insurance helpline.

- » Should medical assistance be needed in resort, for smaller sums, you may need to pay in advance for treatment and reclaim from the insurer.
- » All families should be made aware of the cover.
- » Please be aware that decisions on repatriation are made by treating doctors in resort and the insurers, not by party leaders or Interski.
- » Any loss or damage to belongings will need a report form to assist any claims. You must ask a member of Interski staff before departing resort.

WHERE INSURANCE IS NOT INCLUDED AS PART OF YOUR PACKAGE

If you are not using the inclusive policy provided by Interski, you will need to speak with your own insurer to understand the cover provided. We still recommend you ensure all members of the party have access to the policy documents.

CANCELLATION

Please refer to our booking conditions for full details of applicable cancellation charges, depending on when the cancellation occurs.

1. If cancellation is due to illness, the passenger must see a doctor immediately as insurers will require confirmation from the doctor that cancellation is necessary. Insurers will most likely require their own medical certificate to be completed, so please advise parents to ask the doctor to note on their records that cancellation is necessary.
2. If due to illness of student or adult, or the need to cancel is due to illness of a relative, the Party Leader must immediately be advised in writing. If writing a letter, parents must date their correspondence and retain a copy as proof.
3. As Party Leader, unless you know you can replace that person with another traveller, you must immediately advise Interski in writing of the cancellation. At this point we will issue you with a cancellation invoice. Remember our cancellation charge will depend on when we are informed in writing.
4. The parents should contact the insurers at their earliest convenience to start a claim, if necessary. We will gladly provide any information requested by the insurers that will assist in the claim progressing.

ADDITIONAL POINTS TO NOTE

- » Please remember to obtain receipts for any costs you incur in resort which may form part of any claim.
- » We are aware that some schools/colleges have their own insurance policies relating to trips, however, we always recommend that groups use our inclusive insurance.

RECIPROCAL HEALTH AGREEMENT – GHIC (OR EHIC)

All individuals will be expected to have their own Global Health Insurance Card (GHIC) which may assist in the event of medical treatment being required. The easiest way to obtain a GHIC card is through the UK government website.

The production of these cards in France and Italy, should the need arise, will prevent parents receiving invoices from hospitals. If you or a parent receives an invoice for treatment abroad when you are back in the UK, you should refer this to the insurers.

A GHIC card is not required in Andorra.

PASSPORTS AND OTHER DOCUMENTS

Wherever possible, all passengers should travel under their own passports. However, you may wish to consider applying for a collective (or group) passport if some students in your group do not have their own, valid passport.

A collective (or group) passport is a way for organised groups of young people to make trips to certain European countries, including France and Italy.

Collective passports are for between 5 and 50 children. If there are more than 50 in the group you can split it up and apply for 2 or more passports.

A collective passport costs £39 and applications take about 6 weeks. The rules are:

- » Everyone on the passport must be a British national and under 18 by the end of the trip
- » There must be a group leader over 21 with a valid 10-year British passport

For more information, please visit gov.uk/collective-group-passports.

The lead name on the collective passport must stay in resort with any injured students who aren't fit to travel.

ID CARDS

Many European countries use them as a travel document to exercise the right of free movement in the European Economic Area (EEA) and Switzerland. Therefore, you may find that students from outside the UK will provide you with a national ID card rather than a passport.

STUDENTS FROM OUTSIDE THE UK OR EU

If you have any students who are from outside the UK or EU, you should contact the relevant embassies for information about travel.

You will find below a summary of items that we would strongly recommend you take with you on your trip. The weather in the Alps can be very changeable and you need to be prepared for both very cold and very warm weather.

- » Ski jacket – this should be windproof and waterproof.
- » Ski pants/salopettes – should be warm, water-resistant with inner cuffs on leg bottoms. Jeans or track suit trousers are not suitable!
- » Base layer – fleece/thermal/skins. Tight fitting, not cotton as it captures moisture. Multiple layers are best.
- » Hat - large enough to cover your ears and not too tight. Wool/acrylic mix is suitable for being warm, lightweight and water-resistant. Should always be carried on the slopes.
- » Ski helmet - please note that children under 18 are required by law to wear a helmet.
- » Ski gloves – should be windproof and waterproof. Must be worn at all times, even on warmer days. Mitts are preferable for beginners or young children. Woollen gloves are not suitable.
- » Ski/snowboard socks – at least two pairs.
- » Ski goggles and sunglasses – absolutely essential both on good and bad weather days. Should be worn at all times. Goggles are more suitable for children than glasses as they are less liable to breakage and loss, plus keep out the snow.
- » Walking boots/strong trainers – you may need to walk to ski hire through snow or wet conditions so you will need footwear that will keep your feet dry.
- » Small rucksack – useful for carrying your items around (not to be used whilst on the slopes).
- » High factor suncream/lipsalve – should be worn every day and reapplied as necessary. You can burn on the mountain even on a cloudy day.

Visit interski.co.uk/Rental for our ski jacket, ski trousers and helmet rental as well as competitively priced ski accessories.

Please pay particular attention to our sizing guides (available on our website) when ordering rental wear for your students. If a student exceeds the largest size please contact us prior to travelling to confirm if we have any suitably sized garments in resort. This will save embarrassment upon arrival in resort if adequate provision cannot be made.

Après-ski wear should be warm and casual. Footwear should be sensible and comfortable. You might also like to take a swimming costume and swimming cap (compulsory for both sexes in Italy). Towels are provided in all hotels, but rarely tend to be the fluffy ones we're used to back home, so you may wish to take one bath towel with you.

POWERPOINT PRESENTATION

We have a specially created powerpoint presentation to help you educate your group on what they will need to take. Please contact us if you would like a copy and we will be more than happy to send this to you.

TRAVEL

FLIGHT INFORMATION

Your Account Manager will have already sent you your flight information (dates, times and flight numbers) and an ATOL certificate.

Your flight pack which will include your check-in documents, overseas airport transfer information and emergency contact numbers, will be sent to you approximately 3 weeks prior to departure (provided you have given us your Advanced Passport Information).

BAGGAGE/LUGGAGE

Please take note of the hand and hold luggage allowances given by your airline. If there are any passengers that wish to take their own ski/snowboard equipment and you have not already made us aware, please contact us as we will need to book it onto the flight (N.B. this will incur a fee from the airline). Please note that if passengers arrive at the airport with their ski boots in a separate bag, they may be charged, even if they are intending to carry them as hand luggage.

SEATING

Your airline will automatically allocate you to specific seats once we complete your online check-in. You will see which seat numbers have been allocated once you receive your boarding passes as outlined in the travel section above. As a rule, the airline will group passengers booked under the same reference number all together. Some airlines allow you to pre-book seats for a small fee. Please contact your Account Manager if you would like more information about this.

CONTINENTAL AIRPORT TRANSFERS

Upon arrival at your destination airport (usually Turin, Milan Malpensa or Geneva), you will be met by an Interki representative who will accompany your group on the transfer to resort. In some cases, other Interki clients or staff members/instructors will join you on the transfer. Therefore, your group may be required to wait in the airport for a short time while other passengers' incoming flights arrive. Your co-operation in this matter forms a crucial part of the Interki operation. Coach transfers usually take around 2-3 hours depending on traffic/drop offs.

For more information on our transport procedures, including risk assessments, please see our Safety Management Guidelines.

DUTY OFFICER / EMERGENCY CONTACT

Your flight pack will contain an emergency contact for Interki. This is who you should contact, in the event of an emergency, on both your outbound and inbound journeys. Please do not pass this number on to parents or students.

Once you arrive in resort, you will be given contact numbers for key members of our resort staff who you should contact during your stay in case of emergency.

ARRIVAL IN RESORT

SCHOOLS & COLLEGES CO-ORDINATOR

Each of the hotels used by Interski will have a Co-ordinator to look after the groups, the drivers and the activities for the week.

Their role goes far beyond that of the traditional idea of a resort 'Rep'. The Co-ordinator may be resident with you in the hotel and is your point of reference relating to all aspects of the ski trip. We ask you to liaise with them and the drivers about your timetable for the day-to-day routines and with regard to the overall programme. They are there to make your job as easy as possible, to join in the activities with you and, above all, to ensure the Interski package not only meets, but surpasses, your expectations.

Please note that our Schools & Colleges Co-ordinators are not there to act as supervisors and cannot be left solely responsible for individual students. As Party Leader, you are always acting in loco parentis.

ARRIVAL DAY

On arrival at your hotel we strongly recommend that you and your colleagues carry out an inspection of the accommodation to establish if there are any concerns regarding the fixtures and fittings in the rooms. Interski provides a form to make a record of anything that you notice on arrival. A copy will be given to the party leader and the hotelier, as well as Interski. If you wish to run through the procedures for hotel evacuation (fire), then please ask the Co-ordinator to do this on your day of arrival. Please take advantage of this procedure.

PLEASE BE AWARE THAT THERE ARE NO APRÈS-SKI ACTIVITIES PLANNED FOR THE EVENING OF ARRIVAL.

There will be a welcome meeting for your group and any rental garments ordered in the UK will be distributed to students (Italy only).

ARRIVAL DAY SKI FITTING

In most cases we will aim to carry out ski fit on the day of arrival. This will be dependent on your arrival time, as some resorts require the the gondola to be running to access ski hire facilities. In the event that your ski fit has to take place on the first day of skiing, we will aim to get you fitted as early as possible and any lost tuition time will be made up throughout the week.

Please remind your group members to pack a pair of ski socks in their hand luggage in the event that ski fit is carried out upon arrival. We also recommend that shoes and jacket suited to snow conditions and ski socks need to be readily available.

Rental jackets may not be available to those having booked this service until arrival at your hotel.

GROUPS TRAVELLING TO THE RESIDENCE PLANIBEL, LA THUILE

The après-ski programme for La Thuile is less structured than in our other resorts. Included in the cost of your trip, you will have access to the sports and leisure facilities. Details of opening times will be given to you on arrival (sometimes not available at the end of the season). Other après-ski activities will be available, subject to group size. Your Co-ordinator will discuss these with you when you arrive in resort.

Accommodation for students and staff in La Thuile is based on apartments for four with full occupancy. Supplements may apply for any other sized apartments (subject to availability) or any additional accommodation not required by the student gender split.

BRINGING YOUR OWN REFRESHMENTS

Out of respect for our hoteliers, please refrain from distributing snacks and drinks to students in any of their

communal areas. Whilst we appreciate you may wish to bring some of your own refreshments in order to keep the students hydrated and energised throughout the week, we would suggest that you hand these out on or outside the coach before entering your hotel. Please also be mindful of the fact there is limited luggage space on the coach.

SNOWSPORT SCHOOL

SNOWSPORTS TUITION

Your snowsports tuition will be as per your agreed package, which is usually 24 hours over the course of your week. Please be aware, groups may be mixed with other schools, with the same ability level. We would ask you to ensure there is a member of staff available immediately prior to the morning session when agreements can be made for the final handover at the end of the day. We ask you to leave your mobile phone number at the start of the week and remain contactable each day. This is to enable Interski to contact you in the event of any incident.

Skiing and Snowboarding are physically demanding sports which require a good level of physical fitness. We assume that all students are able to be accommodated in standard tuition groups and will be able to make progress in line with that expected of the average skier/snowboarder.

SNOWBOARDERS

For students wishing to snowboard, there is a supplement payable per person. There are a number of factors which contribute to the supplement being charged:

- » Snowboards and snowboard boots are available in far lesser quantities and are more costly to purchase
- » Places available are limited
- » There is less flexibility in being able to mix with students from other schools
- » A financial commitment from students is necessary as we need to be confident we are employing the right number of snowboard instructors

Please note, for groups that are staying in La Thuile, it is unlikely that we will be able to mix your snowboarders with students from another school, therefore you must have a minimum of 5 students of the same ability in order to make snowboard groups viable.

All snowboard courses are subject to viable numbers, but if we have insufficient interest in snowboarding, then students will need to convert to skiing and should be made aware of this from the outset.

STUDENTS WITH SPECIAL TUITION REQUIREMENTS - IMPORTANT

Please note that, in the absence of notification to the contrary, we assume that all participants are able to be accommodated in standard tuition groups and that they will be able to make progress in line with that expected of the average skier with no special tuition requirements.

We are able to offer tuition to students with additional needs. Please contact us to discuss their requirements no later than 10 weeks prior to departure, as in some instances, we may need to recruit specialist instructors. 1 to 1 tuition is available at a supplement per instructor for a standard week, where necessary.

If we are not given sufficient notice of special requirements prior to the trip, supplementary costs will still apply where more personal tuition is deemed appropriate, but in some circumstances, it may be too late to make provision for this.

NB Any skiing/boarding outside lesson time is the responsibility of the party leader. Most local education authorities will only allow school children to ski outside lesson time under qualified supervision.

If you are interested in finding out more about Interski's ASCL or ASL courses which permit you to lead groups, please call us on 01623 456333 or visit interski.co.uk/Academy.

SICKNESS AND INJURY

Supervision of injured and ill students is the direct responsibility of the teachers accompanying the group. Interski will inform you if a student becomes sick or injured whilst skiing.

SKI HELMETS

In Italy it is a legal requirement for all skiers and boarders under 18 years old to wear a helmet whilst skiing or snowboarding. Please speak with your Account Manager if you would like us to help with the provision of helmets.

UNDER 7s

We are happy for you to bring children under the age of 7 on your school/college ski trip. However, it is very unlikely we will be able to provide group lessons and equipment for them. We will be able to offer private tuition for under 7s at an additional cost. Please speak to your Account Manager for more details.

We can also source childcare, for children aged 2-6. Please contact your Account Manager for prices and more information.

RESPONSIBILITY AND SUPERVISION

Our Schools & Colleges Co-ordinators, as well as our other staff, are always on hand throughout your trip to provide help, assistance and support. However, please remember you are in loco-parentis and have ultimate responsibility for your group at all times.

SNOWSPORTS SCHOOL ABILITY LEVELS

SKI ABILITY LEVELS

1. Never put on a pair of skis or only a taster lesson.
2. Confident to ski nursery slopes, using snowplough. Very limited experience.
3. Confident to ski easy blue runs with a mixture of ploughing and parallels but anxious on steep or icy sections.
4. Confident to ski parallel on all blues at a reasonable speed and happy to ski reds, but anxious and has to pick route carefully when slope becomes steep or icy. Stuck on 'intermediate' plateau.
5. Confident to ski parallel at a steady pace on all reds and easy blacks, but anxious on bumps or off piste. Would now like to tackle more demanding slopes.
6. Confident to ski parallel at high speeds on reds and confidently tackle bumps on and off piste.

SNOWBOARD ABILITY LEVELS

1. Never put on a snowboard or only as taster lesson at a dry slope.
2. Heel and toe side slipping. 1 to 2 hour session on dry or artificial snow slope.
3. Diagonal heel and toe side slipping. Controlled left to right movement (falling leaf).
4. Basic turn on either heel or toe. Starting to link turns together on easy terrain.
5. Confident basic turns on both heel and toe.
6. Beginning or accomplished carve turns and higher end riding.

SPECIAL DIETARY REQUIREMENTS

SPECIAL DIETARY REQUIREMENTS

We appreciate that some passengers may have special dietary requirements and others may be fussy eaters. You are welcome to bring your own food items should you wish (in a cool box on the coach) and your hotel will normally be happy to store any perishables in their fridge. Please speak to your Account Manager. We have various allergy translation cards available in French and Italian – these can be downloaded from our website at interski.co.uk/Downloads/Schools/.

Please ensure we are notified in advance of any special dietary requirements.

In cases where requirements are complex or special, you may be required to bring items with you.

OUTLINE ITINERARY

DEPARTURE DAY FROM THE UK, (USUALLY A SATURDAY)

- » Depart from school (aim to arrive ½ hour before) – time dependant on location in the UK. Please consult your travel guidelines for exact times.
- » Evening ferry from Dover to Calais.

ARRIVAL DAY, USUALLY A SUNDAY

- » Continental breakfast at French motorway service station.
- » Midday arrival in resort (ski fit and snack lunch).
- » Mid-afternoon check in at hotel.
- » Evening welcome meeting with Interski Co-ordinator.

MONDAY – FRIDAY, A TYPICAL DAILY ITINERARY

- 07.00 – Wake up call
- 07.30 – Up, dressed, tidy room
- 07.45 – Breakfast
- 08.15 – Up to room, collect all you need for the day. Leave key at reception
- 08.30 – Depart hotel
- 09.00 – Collect equipment from ski hire
- 09.30 – Get into your ski/board group and await your instructor
- 10.00 – Ski and board lessons commence
- 12.00 – Lunch, using your vouchers, supervised by your instructor
- 13.00 – Lessons recommence
- 15.00 – End of lessons for the day
- 15.30 – Check your equipment back into your ski hire lockers
- 15.45 – Possible shopping or exploring of resort
- 16.45 – Return to hotel
- 17.30 – Shower, change for the evening
- 18.30 – Evening meal
- 19.45 – Après-ski
- 22.00 – Return to hotel and to bed
- 22.30 – Lights out for a good night’s sleep

A TYPICAL APRES-SKI ITINERARY

- Monday – pizza night
- Tuesday – karaoke or quiz
- Wednesday – disco
- Thursday – bowling or ice skating (dependent on resort)
- Friday – ski school presentation with badges and certificates (Italy only)

All activities are examples and your exact après-ski programme will be emailed to you three weeks before departure for you to review. Please ensure you respond to the email. On arrival our après ski will be re-confirmed by your Interski Co-ordinator. Every group will have two nights of set après-ski – a pizza evening at a traditional pizzeria and a presentation evening at the end of your stay, when your instructors will come along to your hotel

and hand out badges and certificates.

A full list of the possible après-ski activities can be found on the Special Requirements section of your client login area. Here you can also indicate your preferences, which will be taken into account when our resort team organise your programme. Unfortunately, we are unable to guarantee any activities. Likewise, any changes you wish to make to your programme may be more easily accomodated if you email prior to departure as making changes may be difficult and may impact on other groups.

For more details on our après-ski programme, including risk assessments, please see our Safety Management Guidelines.

DEPART FOR HOME (USUALLY A SATURDAY)

- » Vacate rooms after breakfast
- » Return to hotel after ski/board lessons for shower and evening meal
- » Depart hotel early evening

ARRIVAL BACK IN THE UK (USUALLY A SUNDAY)

- » Early morning ferry from Calais to Dover (hot breakfast included)
- » Arrive back at school – time dependent on location in the UK

If you are travelling on a 5 day snowsports course, your itinerary will remain the same, except you will depart on Friday evening and arrive back in the UK on Saturday. You will have one less evening of après-ski and your ski school presentation will be on Thursday evening, rather than Friday.

All timings are approximate and intended as a guide only.
