

Hotel Sant Gothard

- Great location, just 850m from the Arinsal gondola station
- Suitable for groups of all sizes, including bigger groups
- Large communal areas

Sit on the banks of the river at the lower end of the village of Arinsal is the 4* Sant Gothard, a large hotel with over 150 rooms, capable of looking after even the largest of groups. It's only 850m from the Arinsal gondola, which is a walkable distance but if preferred, groups can use their coach to shuttle to and from the lift.

Guests here will find a spacious hotel, with plenty of communal areas which are ideal for group meetings. The reception area is very airy and an ideal meeting point in the mornings, before heading to the slopes. Adjacent to reception is the bar/cafe which also benefits from its size.

The rooms are well appointed and offer a mixture of twin, triple and quads, giving you the flexibility to easily allocate students to rooms.

Although the easiest access point is the Arinsal gondola, skiers can also be transported a little further to the chairlift at the top of the village. The Arinsal lift pass also benefits from access to the whole Vallnord ski area of Pal and Arinsal.
